

I want to let you know that the K-LOVE radio station is very important to me. I listen to this station everywhere, at home, the car, and all day at work. It is a constant inspiration to me. There aren't many radio stations here that are like this and they are so important to the people that listen, and to the people in the community that they are a part of.

I sincerely urge you to make a decision that keeps them where there are, doing the amazing service to this community that they do every day.

This community would suffer a great loss without them. There are so many people involved with K-LOVE and they do so much to improve the quality of life for each person they have contact with. We need more stations like this that genuinely care.

Sincerely,

Donna Snyman
